

Moody Nolan, Inc. is a nationally recognized architectural/engineering firm serving public and private clients in over 40 states. We provide the services of architecture, interior design and civil engineering through offices in Columbus, Cleveland, Covington, Nashville, Chicago and Dallas.

Our firm has an immediate opening for a Project Architect in our Cleveland office.

This individual will be responsible for all phases of architecture, including budgeting, scheduling, planning, building codes, building material and construction procedures. Must be able to lead others and have a willingness to travel if needed.

Qualifications include a Bachelor's degree in Architecture, preferably a Master's Degree, with 8-12 years' experience. Previous exposure to General Architecture and excellent communication skills (oral and written) in the English language are essential. The leading candidate must have the ability to effectively interact with clients and consultants, have the ability to multi-task and establish priorities, must exhibit initiative, responsibility, flexibility and leadership, and must possess good time-management skills. In addition, our candidate must be fluent in architectural design understanding and coordination.

Technical requirements include LEED and sustainable design understanding, strong BIM/Revit drawing technical skills, and strong graphic skills – such as Sketch Up, Photo Shop, etc.

Moody Nolan, Inc. offers competitive salaries, a comprehensive benefits package, including 401k Plan.
